31x96	1260.00	828.00	745.00	684.00

Guide Print Service is suggested when the same image is **re-ordered** on a regular basis, **or** when you want the full benefit of our collaborative printing style. Two iterations are provided with several prints each. Each iteration gives you the opportunity to provide specific input to us with regard to color, contrast, density and localized corrections. With an approved print, two exact copies are made, one for you and one for our files. Your approved guide is used to insure a faithful interpretation of your original intent.

First two iterations of one image \$180.00
If needed, next two iterations of same image \$180.00

Prices subject to change without notice
